DAVID ROCKEFELLER
VICE CHAIRMAN BOARD OF DIRECTORS

December 8, 1958

Mr. Allen W. Dulles, Director
Central Intelligence Agency
Washington 25, D. C.

Dear Allen:

Since our exchange of letters with regard to possible measures to deal with Russian economic warfare, I have been out of the city on a series of trips, both within the United States and most recently to Mexico, where I saw your brother at the inauguration of President Lopez Mateos. I had an opportunity on one of these journeys to read the speech which you made on this subject and which you were kind enough to send me. I found it exceedingly interesting.

I appreciate your advising George Wyeth of the Business Advisory Council of the interest of our European friends in the Russian economic warfare problem. Two or three members of the American group which went to the Petersberg Conference are members of the Advisory Council and, hence, are familiar with the studies which are being undertaken by the Council under the leadership of Henry Beckenstein.

I will write you further when we get any more word from Fritz Berg or Mr. Spaak.

Cordially yours,

David (Rockefeller)

ER
